

### Clean as you move

Cordless, bagless, light and easy to use, this Tesla vacuum cleaner is designed to improve your cleaning experience with every move.

### Safety protection

The device boasts a double protection system - both in main body PCB, and also in the battery pack system (including protection from overcharging, overheating, etc.)

### Cleaning accessories

The device package includes an electric motorized power brush head, a 2-in-1 nozzle, and a blowing tool to blow away hard to reach debris.

### Long-lasting battery

With enough power to work up to 32 minutes at a time, the device maintains a high level of suction throughout its whole battery life.

### Led indicator

LED indicator will show when it's time for charging, or when the battery is completely charged. It will also display power capacity.

### Compact design

It's your go-to if you need a cordless, light and bagless vacuum cleaner - easy to handle, manage and store.
