

Heat pump technology

Heat pump technology makes your tumble dryer more efficient, helps it work faster, and it also allows you to save energy and be more environmentally friendly by reducing power consumption. This system can reuse the heat generated during the drying process - and it can also control the temperature inside the drum in order to protect your clothes, keeping it below 50°C.

Clean and safe

The Clean and safe feature is automatically activated during the drying cycle, while the Hygiene Pro system helps keep your laundry clean: after the cycle is completed, the inner drum will keep the temperature for more than 30 minutes to help with sanitizing. The drum will also rotate once in a while for a certain amount of time after the cycle is done, in order to prevent creases.

Wool care

This Tesla device has a program for drying machine-dryable wool products, certified by The Woolmark Company. It is designed especially for wool garments, in order to prevent damage to these sensitive clothing items - but only if they're dried according to the instructions on the garment label, as well as those issued by the machine manufacturer.

Silent drying

If you're used to drying your clothes at night, or you simply want the device to be even quieter than usual, make sure to use our specially designed night mode. Once this feature is activated, the rotation speed will decrease, the drum will spin more gently, and the amount of air inside the drum will be limited, which makes the operation silent throughout the cycle.

Drum light

LED light in the drum is a convenient addition that illuminates the drum from inside, which makes it easy for you to see if you've taken out all of the laundry - or if any clothing items have remained hidden inside. This way, you'll never have to wonder how did that one different-colored sock end up being dried with your white load!

Touch screen

Compared to traditional buttons, touch screens last longer, and they also improve machine's overall accessibility and aesthetics. When it comes to this specific Tesla device, LED digital display helps you keep a close eye on the drying process, allows you to preset the start time, keep track of all the important cycle information, and enjoy many other useful features.

Strong and beautiful.

FEATURES		
Rated Power Supply	220V~240V~	
Rated Frequency	50 Hz	
Rated Drying Capacity	8 KG	
Rated Power	750 W	
Rated Current	3.5 A	
Motor Power		
Display Type	LED	
Display Color	White	
Drying Type	Condensing with a heat pump	
Drying Control	Electronic	
Interior lighting	Yes	
Plug type	Euro Plug	
Power cord length	1,5 m	
Transparent windows	Yes	
Reverse tumbling	Yes	
Buzzer	Yes	
Venting pipe options	Yes	
Fault Check Display (indicator)	Yes	
Child Lock	Yes	
ENERGY RATING		
Energy Efficiency Class	A+++	
Condensation Efficiency Class	B	
Annual energy consumption (AEC)	176 kW-h/annum	
Energy consumption (full load) (Edry)	1,45 kW-h/cycle	
Energy consumption (partial load) (Edry1/2)	0,79 kW-h/cycle	
Weighted programme time of the standard cotton programme (Tt)	123 min	
Programme time at full load (Tdry)	159 min	
Programme time at partial load (Tdry1/2)	96 min	
Condensation efficiency at full load (Cdry)	81%	
Condensation efficiency at partial load (Cdry1/2)	81%	
Airborne acoustical noise emissions	66 dB	
PROGRAMMES AND PERFORMANCE		
Number Of Program	14	
Knob selection	Cotton- Iron	Yes
	Cotton- Standard	Yes

PROGRAMMES AND PERFORMANCE		
Knob selection	Cotton- Extra	Yes
	Synthetics-Extra	Yes
	Synthetics-Standard	Yes
	My Cycle	Yes
	Wool	Yes
	Mix	Yes
	Shirts	Yes
	Delicate	Yes
	Baby care	Yes
	Bed Linen	Yes
	Refresh	Yes
	Outdoor	Yes
	Time Dry	Yes
	Button Function	On/Off
Start/Pause		Yes
Delay		0-24 h
Anti-crease		Yes
Intensity		Yes
Signal		Yes
Time		Yes
Child Lock		Yes
Hygiene		Yes
Lamp		Yes
Silence Dry	Yes	
SPECIFICATIONS		
Volume Of Inner Tub	125 L	
Diameter Of Inner Tub	Galvanized steel plate	
Door opening angle	180	
Porthole	375 mm	
Door Outer Frame Diameter (outer)	480 mm	
Net Dimensions (WxDxH)	595x640x845	
Gross Dimensions (WxDxH)	685x695x885	
Net Weight	53 kg	
Gross Weight	57 kg	
Color	Silver
