

Heat pump technology

Heat pump technology makes your tumble dryer more efficient, helps it work faster, and it also allows you to save energy and be more environmentally friendly by reducing power consumption. This system can reuse the heat generated during the drying process - and it can also control the temperature inside the drum in order to protect your clothes, keeping it below 50°C.

Clean and safe

The Clean and safe feature is automatically activated during the drying cycle, while the Hygiene Pro system helps keep your laundry clean: after the cycle is completed, the inner drum will keep the temperature for more than 30 minutes to help with sanitizing. The drum will also rotate once in a while for a certain amount of time after the cycle is done, in order to prevent creases.

Wool care

This Tesla device has a program for drying machine-dryable wool products, certified by The Woolmark Company. It is designed especially for wool garments, in order to prevent damage to these sensitive clothing items - but only if they're dried according to the instructions on the garment label, as well as those issued by the machine manufacturer.

Silent drying

If you're used to drying your clothes at night, or you simply want the device to be even quieter than usual, make sure to use our specially designed night mode. Once this feature is activated, the rotation speed will decrease, the drum will spin more gently, and the amount of air inside the drum will be limited, which makes the operation silent throughout the cycle.

Drum light

LED light in the drum is a convenient addition that illuminates the drum from inside, which makes it easy for you to see if you've taken out all of the laundry - or if any clothing items have remained hidden inside. This way, you'll never have to wonder how did that one different-colored sock end up being dried with your white load!

Touch screen

Compared to traditional buttons, touch screens last longer, and they also improve machine's overall accessibility and aesthetics. When it comes to this specific Tesla device, LED digital display helps you keep a close eye on the drying process, allows you to preset the start time, keep track of all the important cycle information, and enjoy many other useful features.

Strong and beautiful.

KARAKTERISTIKE		
Napon	220V-240V~	
Frekvencija	50 Hz	
Kapacitet sušenja	8 kg	
Snaga	750 W	
Struja	3.5 A	
Motor Power		
Displej	LED	
Boja displeja	Bela	
Tip sušenja	Kondenzacija sa toplotnom pumpom	
Kontrola sušenja	Elektronik	
Interior lighting	Da	
Vrsta utikača	Euro	
Dužina napojnog kabla	1,5 m	
Transparentni prozor	Da	
Obrnuto pravac prevrtanja	Da	
Zujalica	Da	
Opcije ventilacionih cevi	Da	
Displej za proveru greške (indikator)	Da	
Child Lock	Da	
OCENA SNAGE		
Klasa energetske efikasnosti	A+++	
Klasa efikasnosti sušenja	B	
Godišnja potrošnja energije (AEC)	176 kW-h/godišnje	
Potrošnja energije (puno opterećenje) (Edri)	1,45 kW-h/ciklus	
Potrošnja energije (delimično opterećenje) (Edri 1/2)	0,79 kW-h/ciklus	
Ponderisano vreme programa standardnog programa za pamuk (Tt)	123 min	
Vreme programa pri punom opterećenju (Tdri)	159 min	
Vreme programa pri delimičnom opterećenju (Tdri 1/2)	96 min	
Efikasnost kondenzacije pri punom opterećenju (Cdri)	81%	
Efikasnost kondenzacije pri delimičnom opterećenju (Cdri 1/2)	81%	
Emisije buke u vazduhu	66 dB	
PROGRAMMES AND PERFORMANCE		
Broj programa	14	
Kružni selektor	Cotton- Iron	Da
	Cotton- Standard	Da

PROGRAMI I PERFORMANSE		
Kružni selektor	Cotton- Extra	Da
	Synthetics-Extra	Da
	Synthetics-Standard	Da
	My Cycle	Da
	Wool	Da
	Mix	Da
	Shirts	Da
	Delicate	Da
	Baby care	Da
	Bed Linen	Da
	Refresh	Da
	Outdoor	Da
	Time Dry	Da
	Funkcije na dugme	On/Off
Start/Pause		Da
Delay		0-24 h

Intensity		Da
Signal		Da
Time		Da
Child Lock		Da
Hygiene		Da
Lamp		Da
Silence Dry	Da	
SPECIFIKACIJE		
Zapremina bubnja	125 L	
Unutrašnji materijal bubnja	Pocinkovana čelična ploča	
Ugao otvaranja vrata	180	
Prečnik vrata	375 mm	
Spoljni prečnik vrata	480 mm	
Dimenzije uređaja (W×D×H)	595 × 640 × 845	
Dimenzije paketa (W×D×H)	685 × 695 × 885	
Neto težina	53 kg	
Bruto težina	57 kg	
Boja	Siva
