

A different
shade of
elegance.

Total No Frost

Total No Frost is a function based on the circulation of cold air that reduces humidity and prevents the accumulation of frost on the food in the refrigerator and ice on the walls of the freezer compartment.

The refrigerator and freezer compartments have separate airflow so that odors cannot mix between the compartments. Unlike conventional systems, Total No Frost cools both separate units faster.

Inverter compressor

The inverter compressor allows the appliance to operate quietly, ensuring uninterrupted cooling, reducing temperature fluctuations and power consumption, and also extending motor lifespan.

Door alarm

A beeping signal will sound if you leave the refrigerator door open for longer than is recommended, reminding you to close it and stop the warm air from raising the inside temperature.

F energetic class

According to the new energy classification, this refrigerator belongs to class F. Compared to other appliances, this refrigerator consumes less electricity, so it protects the environment and saves money through lower electricity costs. Our appliances are equipped with excellent thermal insulation, improved door protection, first-class cooling system components, and electronic controls that reduce energy consumption to a minimum.

Multi Air Flow system

Keeping a constant temperature in the fridge is important, which is why Multi and DynaCool Air Flow systems distribute the air evenly into every part of the device, keeping it constantly ideal.

Water dispenser

An external water dispenser is a convenient addition to this model, allowing you easy access to cold water anytime. Forget about loads of bottled water in the fridge, and enjoy this simple alternative!

COOLING SYSTEM	
Refrigerant (R600a/R134a)	R600a (75g)
Inverter Motor	No
Defrost system	Total NO Frost
Air flow system	Multi-Air Flow
Foaming Agent	Cyclopentane
Energy Class	F
Energy Consumption (kWh/24h)	1.058 kWh/year
Energy Consumption (kWh/year)	391 kWh/year
Climate Class	SN/N/ST
Star Rating	4 star
Noise Level	40 dB
Power	120 W
Voltage	220V-240V~
Frequency	50Hz
Current	1.3 A
GENERAL FEATURE	
Number of Doors	2
New LED light	Yes
Lamp Power	2.5W
Temperature Control System	Electronic
Display	Outside display
Touch Display	Yes
Door Alarm	Yes
Separated fruits and vegetable boxes	Yes
Adjustable Glass Shelf	Yes
Metal cooling	No
Convertible zone	No
Super Cooling	No
Super Freezing	Yes
Child protection	Yes
Door Panel Material & Color	Inox
Water Dispenser	Yes

VOLUME/CAPACITY	
Net Volume Total	529 L
Net Volume Fridge (l)	344 L
Net Volume Freezer **** (l)	185 L
Net Volume Freezer ** (l)	No
FRIDGE COMPARTMENT	
Defrost	No frost
Interior Light	LED
Adjustable Drawer	No
Shelves	5
Crisper Drawer	1 (+4 shelves)
Crisper Drawer Color	Transparent
Door Balcony	4
Door Balcony Color	Transparent
Convertible zone	No
FREEZER COMPARTMENT	
Freezing Capacity	14 kg/24 h
Defrost	No frost
Light	LED
Sliding Drawers	1
Slide Drawer Color	Transparent
Temperature Rise Time with Power Breakdown	9 h
Sliding Tray	No
Door Balcony	4
DIMENSION	
Dimension Product (W×D×H)	900×660×1770
Weight Net	79 kg
Dimension Package (W×D×H)	972×710×1862
Weight Gross	86 kg
