

R600A refrigerant

This refrigerant absorbs the heat faster when compared to other gasses, enabling a more energy-efficient cooling. Choose lower impact on global warming, and save money in the long run!

Energy Class F

According to the new energy classification, this refrigerator belongs to class F. Compared to other appliances, this refrigerator consumes less electricity, so it protects the environment and saves money through lower electricity costs. Our appliances are equipped with excellent thermal insulation, improved door protection, first-class cooling system components, and electronic controls that reduce energy consumption to a minimum.

Reversible door design

Did you know your freezer can be opened to the left or to the right, depending on your kitchen habits and needs? Simply install the magnetic rubber door the way you want.

Low operational sound

Quiet compressors and noise-absorbing copper pipes allow the freezer to work almost silently. Enjoy your moments of relaxation without the device constantly and loudly reminding you it's on.

Maxi box in the freezer

Bought a large piece of meat or a king size ice cream? Not a problem – the maxi box in your freezer will store even the largest groceries.
