

The warmest recommendation

Warming, not overheating

The Tesla converter heater comes with a protection system that ensures your safety. If the device's internal temperature exceeds the safety limit, the power is automatically cut off.

Temperature drop detection system

If you open a window, the heater will stop heating when it detects a 3 degree drop, and will not resume until the temperature stabilizes.

Stable safety through anti-tip measures

The safety "anti-tip" system ensures the automatic shutdown of the heater in case of tipping. Once returned to an upright position, it resumes its heating function.

Room sensor for optimal consumption

Saving money is always important, and that's why this product has a special sensor that measures the room temperature to optimize the heater's functions and reduce electricity consumption.

The warmth is where you are

The Tesla converter heater is packaged with wheels, making it convenient to move the heat source to various areas of your home to effectively combat the cold.

Model	PC301WB
Color	White - Black
Maximum power	800W/1200W/2000W
Heating stage	3
Heating element	X Shape Aluminum
Indoor usage	20-25m ²
Overheating protection system	Yes
Control panel	Manual
Wall mount	Yes
Feet	Yes
Whells	Yes
On/Off button	No
Anti frost function	No
With room temperature sensor	No
Self-reset Thermostat	Yes
Anti-overturning	Yes
Wi Fi App	No
Timer	No
Motor	No
Remote control	No
Remote power	No
Cable length	1.5m
Voltage	220V-240V-AC
Amper	16 A
Product height	480 mm
Product width	700 mm (with wheels)
Product depth	220 mm (with wheels)
N.W.	4.8 kg
Carton size (Lx W xH) mm	740x120x495 mm
G.W.	6.0 kg
EAN	8606031242925
