

TOTAL NO FROST

Total No Frost is a function based on the circulation of cold air, that reduces humidity and prevents the accumulation of frost on the food in the refrigerator and ice on the walls of the freezer. The refrigerator and freezer compartments have separate airflows, so that smells don't mix.

SUPER COOLING

Want those drinks you've just put in the fridge to be very cold, very fast? No worries – our useful super cooling feature is here to the rescue, just in time for an important game or a favorite movie.

REVERSIBLE DOOR DESIGN

Did you know your fridge can be opened to the left or to the right, depending on your kitchen habits and needs? Simply install the magnetic rubber door the way you want.

ENERGY CLASS E

According to the new energy classification, this refrigerator belongs to class E. Compared to appliances in lower classes, this device consumes less energy, which is good for the environment and saves you money. It is equipped with excellent thermal insulation and first-class cooling system components.

DOOR ALARM

A beeping signal will sound if you leave the refrigerator door open for longer than is recommended, reminding you to close it and stop the warm air from raising the inside temperature.

INTERIOR LED LIGHTING

Long lasting LED lighting enables better, more efficient, and even inner lighting.
