

## Automatic temperature control

The cooking temperature stays at a preset level, allowing you to cook delicious meals at just the right heat. It's time to wow your friends and family with tasty grilled bites, made at the exact temperature you want!

## Three 2-slice detachable plates

The plates can be detached and replaced by another type: there are three different plates available, ready to support all your cooking needs. They all come with the device, so you can easily make various meals.

## Convenient cord storage

Thanks to a convenient cord storage compartment, your kitchen counter will always be nice and tidy. Forget about cords and cables making a mess: this storing solution will make all the difference.

## Non-stick plates

Non-stick coating makes the device plates quite easy to clean after you're done with grilling. This means you can spend less time cleaning, and more time having fun with your friends and family.

## Vertical storage

The grill can be stored vertically, so it takes up less space in your kitchen or on your countertop. It won't get in the way, yet it will be easy to access once you decide to use it again!

Model	MG201BX
