Choose Tesla Air Fryer

 1500 w  4.5 L 

Dehydration program

Transform fresh fruits and vegetables into tasty, healthier snacks with our dehydration program. It automatically sets temperature and time for optimal texture and flavor, making it easy to enjoy delicious treats.

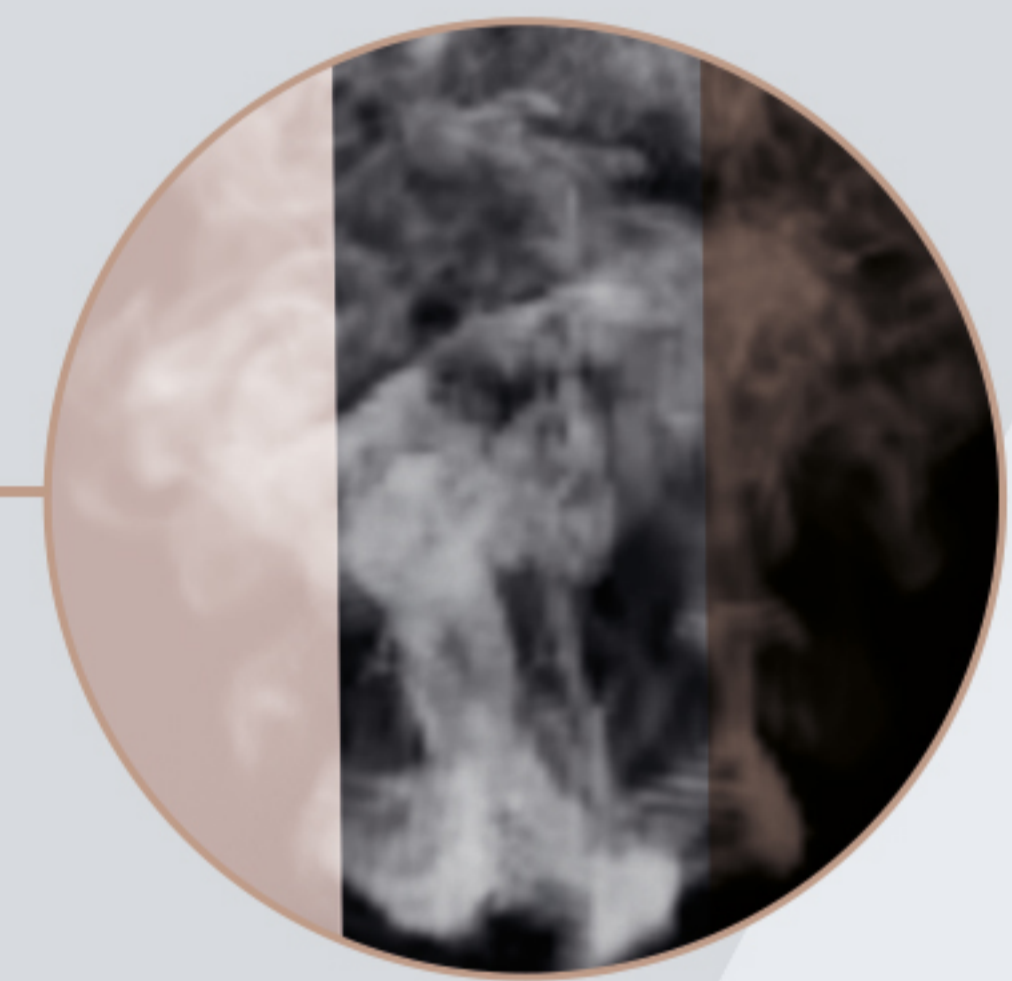

Automatic shut-off

After setting the cooking time, the air fryer will automatically shut off once the timer runs out.

Steam cleaning

Cleaning is easy thanks to the integrated steam clean function. Simply add water to the air fryer water tank and start the cleaning program.

3-in-1 model

This model has three cooking features: steam cooking, traditional air fryer function, and hybrid function. The hybrid function combines steam and hot air, for food that's crispy outside and tender inside.

Temperature and time control

Easily adjust temperature levels and cooking times using preset programs, or customize settings according to your needs and preferences.

360° hot air circulation

The air fryer uses hot air circulation to cook food, offering a healthier alternative to traditional frying methods. This technology ensures quick cooking, resulting in crispy and delicious food.
