See-through window

Monitor your food as it cooks with the convenient viewing window made of special glass on our air fryer. Easily check on your meal's progress without interrupting the cooking process.

Temperature and time control

Easily adjust temperature levels and cooking times using preset programs, or customize settings according to your needs and preferences.

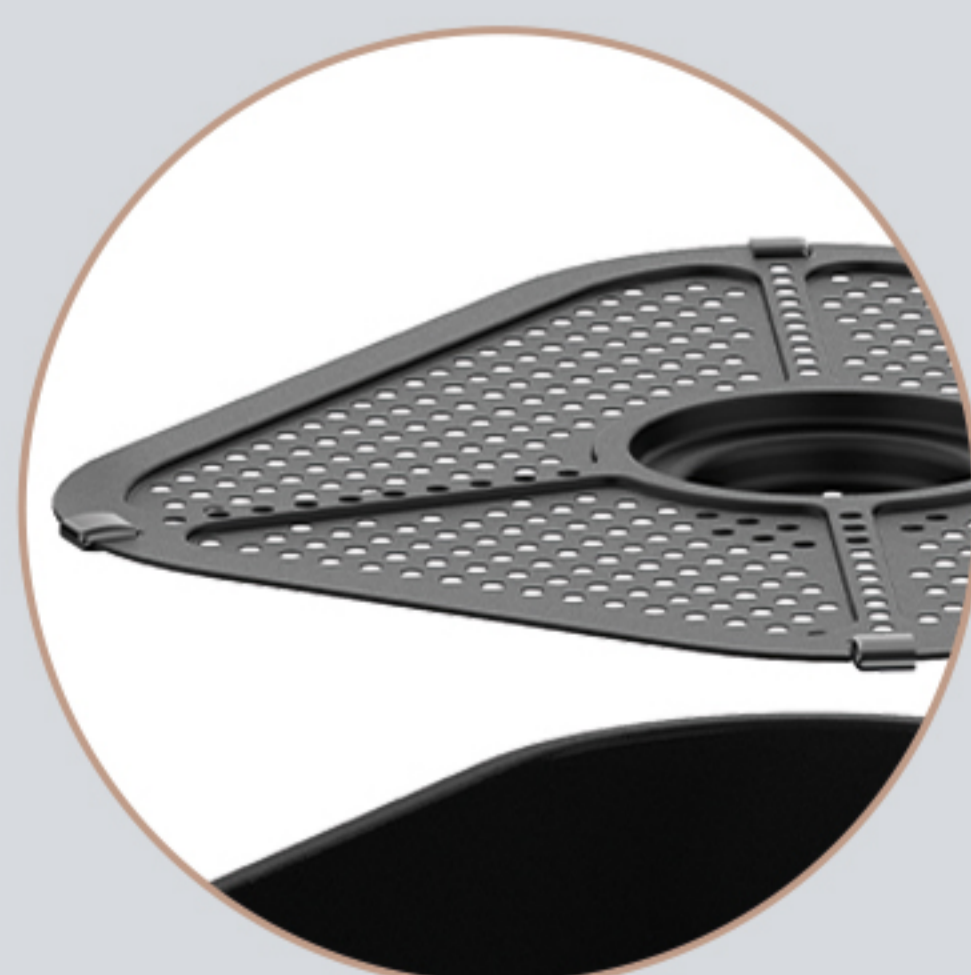

Dehydration program

Transform fresh fruits and vegetables into tasty, healthier snacks with our dehydration program. It automatically sets temperature and time for optimal texture and flavor, making it easy to enjoy delicious treats.

Automatic shut-off

After setting the cooking time, the air fryer will automatically shut off once the timer runs out.

360° hot air circulation

The air fryer uses hot air circulation to cook food, offering a healthier alternative to traditional frying methods. This technology ensures quick and even cooking, resulting in crispy and delicious food.

Cool handle

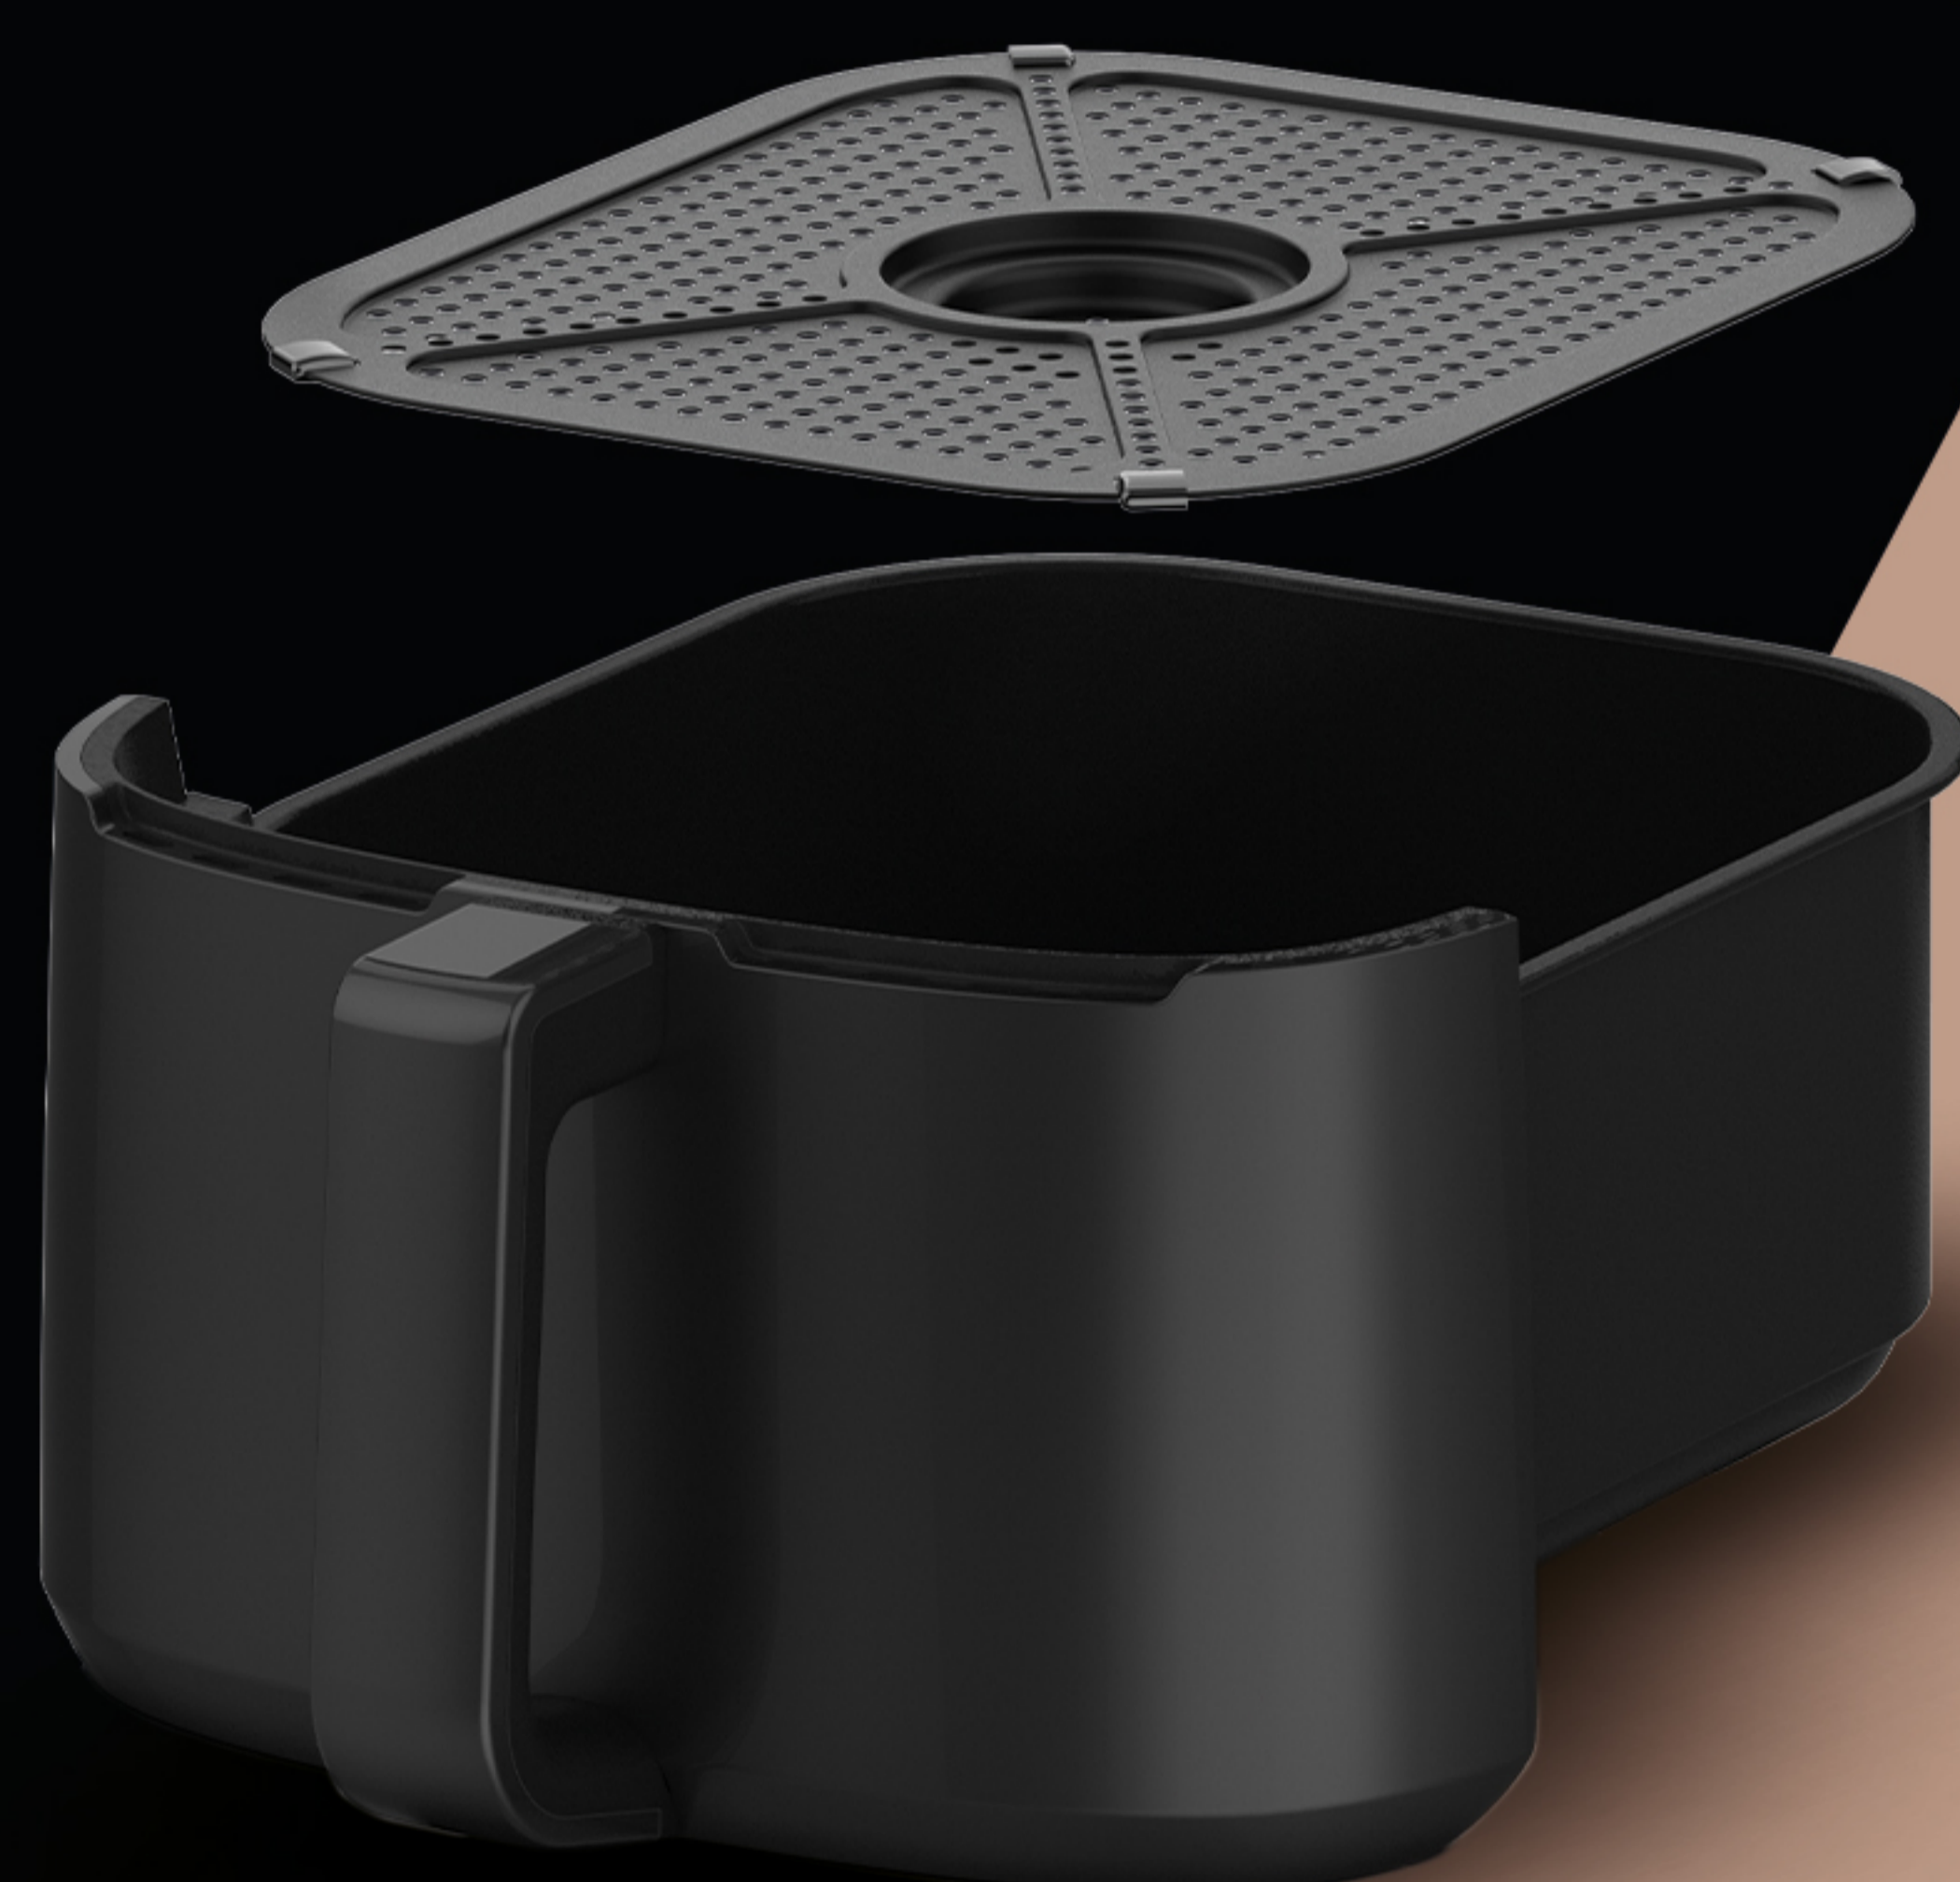

Enjoy safety and comfort with our cool handle feature, designed to stay temperature isolated for safe handling during and after cooking.
